Let's see ...

You were sitting alone in the very back among taller students.

Jin-Hyeon, you should sit next to Ji-Uee.

And perhaps because
of that, you were often
unstable.

I don't want to
go home...

I want the winter
break to be over
soon...

... I feel me acting
like this is tiring you
by now.

No...

Can you hold my
hand?

I wasn't a very
good kid when I
was younger.

What I did may have
not comforted
you at all.

But...

Even to eyes of a 12 year old,
you looked unstable enough that
you'd break down on any day.

Er-yahe.

Gonna have
to ride a
bus then.

Jun-Hyeong !

Ah ...

We were in the
same class once at
elementary school.

Really?
I see...

I bet she was like this
even at that time,
right ?

We weren't very
close...

... Kind of...

So, I don't know
what happened to
her...

Ahn
Jun-Hyeon?

What are you
thinking so hard?

Ah...

You were spacing
out!

Don't touch my
nose, jerk ...

There was a girl in the
new class who left on
rather uncertain terms
in elementary school.

What, did you
have a fight
with her?

No, I didn't fight.
You sound like you
are enjoying this.

No, I was just
wondering if you
ever had a fight U
with someone.

What's the big deal then? You two just so happen to be in the same class.

I don't see a big issue.

He doesn't look like thinking deep enough.

I guess you are right.

I don't even have a reason to chat with her even.

Yeah, that's the spirit. You don't need to be doom and gloom.

Have you been to your new institution?

Yest of presy gile there.

... Jerk

... Like he said,
I don't need to worry
about her now.

It's not like I did
anything wrong.

I only got to
see her occasionally
during 1st year.

... I wonder what
happened during
her middle school
years...

SHINJI

Have you done it?

Why must I tell you that?

You don't have to if you don't want to

I-I don't want to? It may not be a big topic for you, but-

You test word 10 minutes later! Do I have to remind you that?

How about just leaving the classroom?

I don't know what
you are getting
mail for?

Just shut up...

on weekend!

Yeah, but I figured
I should give this
to you by today.

Close your eyes
for a moment.

What... are you doing?

Uh... this way here it won't surprise her much...
